AGED WOMAN VICTIMIZED.

ire. E & Wheeler Files a Spit Against the Wife of Her Grandson.

Mrs. Ellen S. Wheeler, of No. 28 Grant Place merthwest, says her grandron's wife, Caroline Wheeler, has wrongfully got a deed to her property where they live, the annoyance of having to read advants the deed site made to them vertisements of houses, the rents of reformed, so as to show the true intent | which are either too high or too low with which she made it. For that purpose she brought suit yesterday.

she allowed berginndson, John H. Wheeler, a printer, and family, to move into bet house at No. 104 Fifth street merihenet, spon an agreement that they were to pay \$30 a mosth rest, and to put the house in rood repair. Afterward his wife Caroline good repair. Afterward his wife Caroline asked her to make them a deed of the place, but she refused.

piace, but she refused.

Miss. Wheeler, however, continued very affectionate and very attentive to her grandmenter's wants, and Healty induced her to agar a paper which she was told was merely an ensument allowing the family to bring coul in over an adventing vacant lot belonging to Mis. Wheeler.

Being out and sewnerly able to read and write, she yielded to her grand-daughter's importunities without understanding oxactly what she was dring. The instrument way signed on March 22 inst. On March 27 she discovered that it was a March 27 she discovered that it was a deed in few to be retained shaighter, free from

the control of her husband.

When taked with the decelt the younger woman had admitted that the paper chould have guaranteed to her grandinofter the real of \$20 a month, but she could never be induced to put this statement in writing. - CO

TESTING THE TUNNEL.

Major Knight Will Soon Commence to Investigate Its Visefulness.

The \$25,000 available for the expense of testing the tunnel from the distributing reservoir to the new reservoir will be commenced to be expended very shortly. Mai. Knight, who has charge of the work on the tunnel since the 1st, mays that preparations are now being made to begin operations In bitel, he described the process thus. It is proposed to pump out the tunnel, then close the sharks, full the tomost with water, then empty if and make an examination. At pressure it is doubtful whether any part of the surface of the famed is under a pressure of more thus 21 or 22 possible to the square inch. When filled with water, after closing the shafts, the maximum pressure to which it will be subjected will be 75 pounds to the square inch.

The results noted after the experiments above are to be reported to Comptess. It is very theory that what is now reported will be final, that either the project will be abandoned or the tunnelamate todothe work for whach it was internaled. There have In brief, he described the process thus

for which it was indended. There have beet soveral adverse reports on the question but a practical test such as that outlined by Mai. Englit will be worth too thousand In the meanwhile the mising of theorem. In the meanwhile the missing of the dem is the emergency work which will, it is claimed, give all the relief needed until Congress takes another hand in the water-snipsy agitation.
